NETWORK CONCEPT

Within the Mitteldeutsche Verkehrsverbund (MDV) network you can use the train, S-Bahn, tram and bus with just one ticket, and easily switch between different modes of transport – no matter where you bought your MDV ticket or how often you want to switch.

The MDV is the public transport network for Central Germany and covers train, S-Bahn, tram and bus services provided by 14 different transport companies: standardised tickets, comprehensive service offerings, coordinated schedules and information, and joint services with the partner transport companies.

That's new

Since April 2024, the Deutschlandsemesterticket is a new offer for students at universities in the MDV network.

The co-financing of the AzubiTicket Sachsen by the federal state of Saxony ends on 31st July 2024. Apprentices and volunteers can use the nationwide Deutschlandticket instead.

The tariff-based offer between Riesa and Oschatz ends on August 1st 2024.

3 STEPS TO OBTAIN YOUR TICKET

1

Selection of ticket type and price level:

Select your ticket according to the following criteria:

How often would you like to travel (daily, occasionally, just a single trip)? Do you ride alone or in a group? How old are the passengers? The price depends on how many fare zones you want to travel through, including the zones you start and end in.

2

Buying tickets:

Selected MDV tickets are available via the apps MOOVME, DB Navigator, movemix, LeipzigMOVE and INSA (overview at pages 4 and 5). In addition, tickets can be brought at ticket machines, from the service personnel, at the service centres of the transport companies and in selected retail outlets.

3

Validating tickets:

Tickets purchased in advance must be validated before boarding.

TICKET VALIDATION

Single tickets, 4-trip tickets and 24-hours tickets bought in advance must be validated at the ticket validation machine on the platform (train/S-Bahn) or inside the vehicle (tram/bus) before you start your journey.

Single tickets or 24-hours tickets bought from ticket machines in vehicles will already be validated, 4-trip tickets must be validated.

ATTENTION: Tickets from the ticket machines in the vehicles of HAVAG must be validated.

If the point of sale at the train station is closed, the ticket machine is not operating or you cannot buy a ticket for other reasons:

Please contact the service personal on the train immediately for assistance and to purchase your ticket without additional fees.
